

# US Math Recovery Council<sup>®</sup>

## Annual Report

### May 8, 2014

*The mission of the US Math Recovery Council<sup>®</sup> is  
to transform numeracy education  
to connect research with practice  
to empower educators to advance student mathematical  
thinking and success  
...through Math Recovery<sup>®</sup> principles.*

*Empowering educators to advance student mathematical  
thinking and success ... through Math Recovery<sup>®</sup> Principles*

# Purpose of the Annual Report

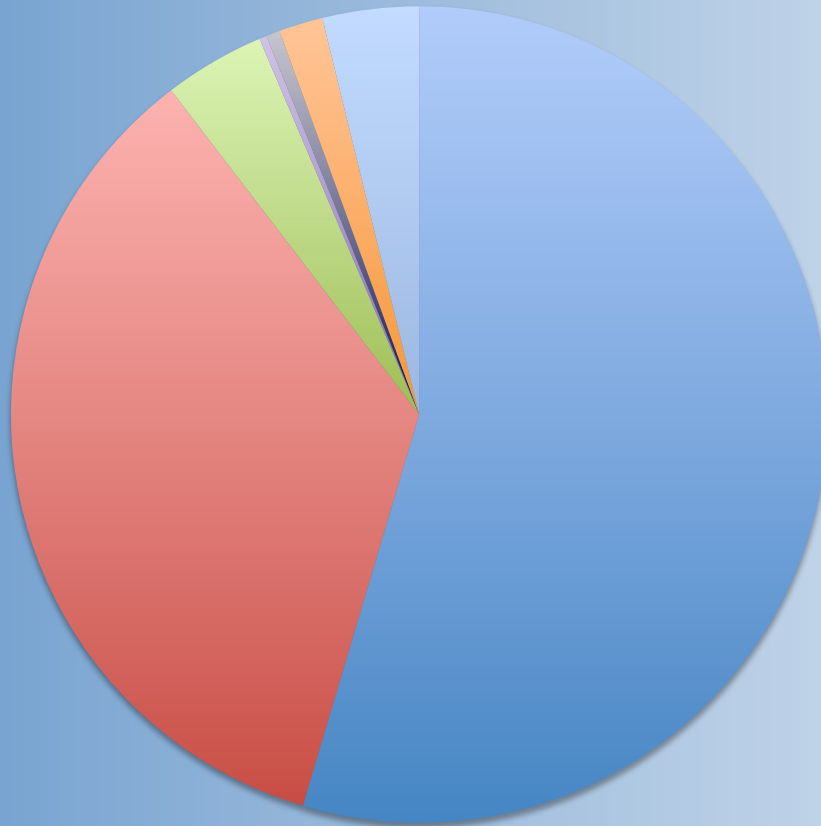

- Demonstrate mission impact
- Share strategic goals
- Communicate financial standing

*Empowering educators to advance student mathematical thinking and success ... through Math Recovery® Principles*

# 2,751 Educators Served in 2013

- AVMR 1 (1502)
- AVMR 2 (795) + Bridge (168)
- MRIS (103) + ETF (7)
- Leader (8)
- Champion (15)
- Champion 2 Update (48)
- SNAP (105)

*Empowering educators to advance student mathematical thinking and success ... through Math Recovery® Principles*

# Impact of Math Recovery<sup>®</sup> Programs

"First I say-I wish ALL math teachers could take this course! Best way to really get into your student's head and truly understand how they approach math. Wonderful course! I could sit through many more hours - so much to learn and it's all so relevant." Claudia, AVMR 1

*Empowering educators to advance student mathematical thinking and success ... through Math Recovery<sup>®</sup> Principles*

# Impact of Math Recovery<sup>®</sup> Programs

“The class was the best PD I’ve taken EVER!  
It was purposeful, useful, provided time to  
create items to take back to school. I can go  
back to class and use the information right  
away. This class taught me about math and  
how math works and how learners learn!  
Thank you!” AVMR 1, Wisconsin

*Empowering educators to advance student mathematical thinking and success ... through Math Recovery<sup>®</sup> Principles*

# Impact of Math Recovery<sup>®</sup> Programs

“This course helped me gain a better understanding of how kids think about math...how students develop a framework for numbers.” Ryan, AVMR2, SpEd grade 8

*Empowering educators to advance student mathematical thinking and success ... through Math Recovery<sup>®</sup> Principles*

# Impact of Math Recovery<sup>®</sup> Programs

“What I’ve learned is not just for struggling learners. I want to take what I’ve learned to inform the classroom.” Olivia, MRIS, KY

*Empowering educators to advance student mathematical thinking and success ... through Math Recovery<sup>®</sup> Principles*

# Impact of Math Recovery<sup>®</sup> Programs

“Everything I know started with Math Recovery<sup>®</sup>; I will never teach the same way again. It builds foundations. Math Recovery<sup>®</sup> is good instruction for intervention, but also for acceleration and on-level teaching.” Cindy, Math Coach

*Empowering educators to advance student mathematical thinking and success ... through Math Recovery<sup>®</sup> Principles*

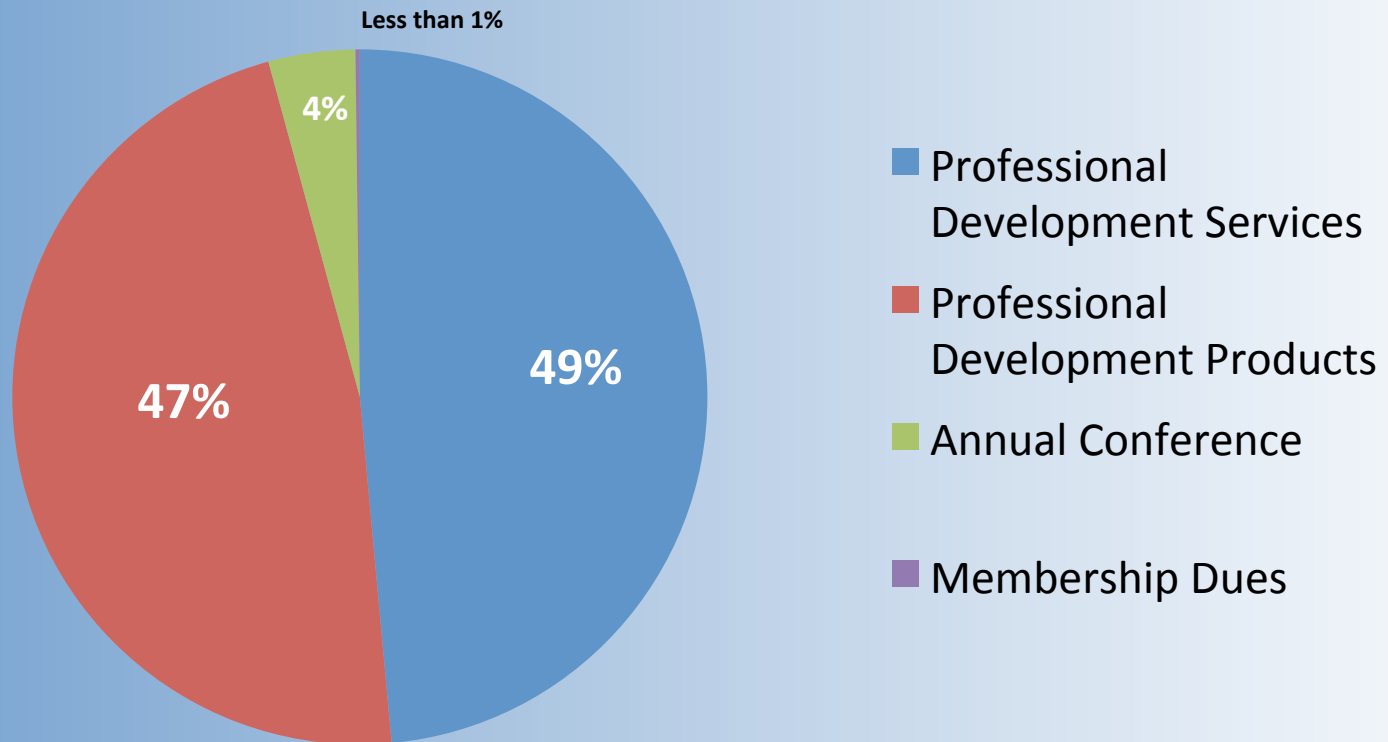

# Strategic Plans

- Ensure funding with transparency and clear business development plans
- Connect with current membership
- Build relationships and increase presence in community
- Refine and develop new programs
- Connect and contribute to research

# 2013 Financial Standing Revenue

Total revenues approximately \$1.8 million in 2013

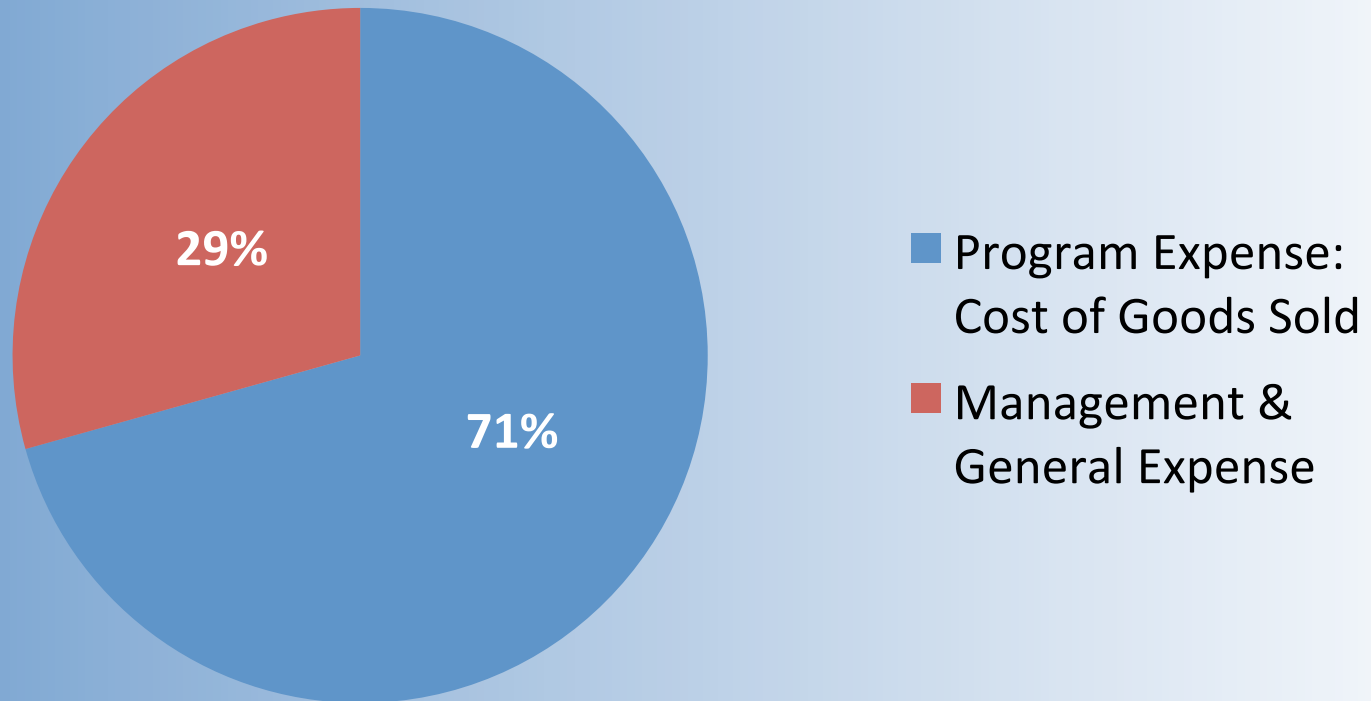

*Empowering educators to advance student mathematical thinking and success ... through Math Recovery® Principles*

# 2013 Financial Standing Expenses

Total expenses approximately \$1.5 million in 2013

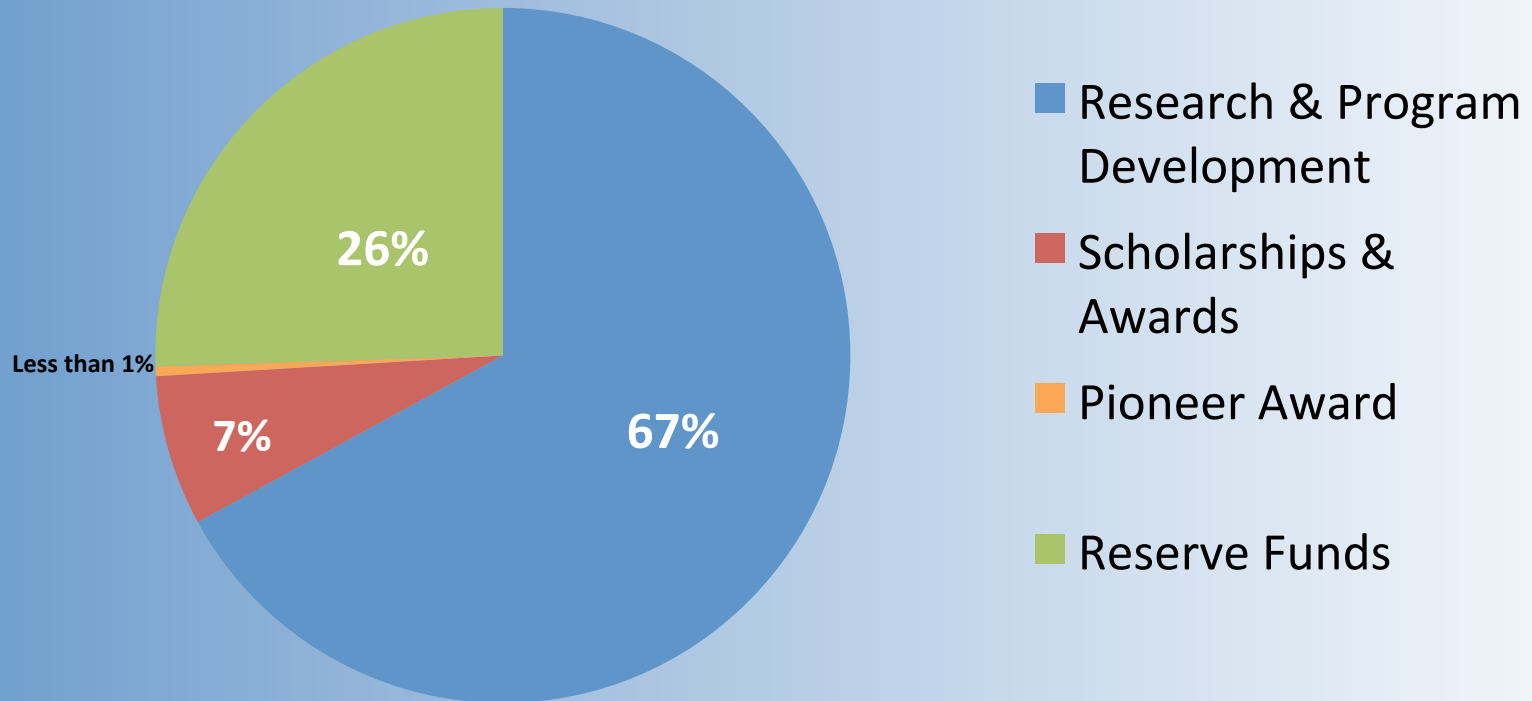

*Empowering educators to advance student mathematical thinking and success ... through Math Recovery® Principles*

# 2013 Financial Standing Reinvestment in Mission

Net income approximately \$335,000 in 2013
